In this case, the Host NOC Allocation will be reallocated to the next eligible NOC.

Universality

Allocation Numbers

The Gymnastics qualification process has been designed to maximise the number of eligible NOCs that can compete at the Baku 2015 European Games, and as such there will be no allocation of Universality places.

E. Confirmation process for Quota Places

The results will be published one (1) week after the qualification event on the UEG website.

BEGOC on behalf of UEG will send the confirmation of the quota places obtained to the respective National Member Federations /NOCs one week after qualification event.

The NOCs have to confirm to BEGOC and UEG the quota places that they will use 2 weeks after notification date.

F. Reallocation of unused quota places

The general principle is that if a quota place allocated is not confirmed by the NOC by the confirmation of quota place deadline or is declined by the NOC, the quota place will be reallocated to the next athlete according to the ranking list.

REALLOCATION OF UNUSED NOC QUOTA PLACES – The next ranked NOC of the qualification event.

REALLOCATION OF UNUSED HOST NOC PLACES – Unused Host NOC places return to the UEG who will reallocate to the next ranked NOC of the qualification event.

REALLOCATION PROCESS FOR ACROBATIC GYMNASTICS

In the unlikely situation that some countries would withdraw (because some countries will not have the requested category) a reserve list will be created as follow:

1. Countries after the 10th ranking at the world championships
2. Countries which have Juniors (13-19) at the World Age Group competition but no Senior in rank order.
